

AEB Safety Training Instructions

Date: June 25, 2026

Prepared By: Mike Rogers, AEB Staff

Overview

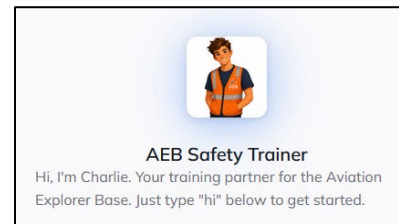

The **Aviation Exploration Base (AEB)** has implemented a new AI Driven Online Training Tool to cover the important Safety Training that each member attending Oshkosh with AEB **must complete** before their arrival in Camp. This Online Training Tool uses an AI Safety Trainer named **“Charlie”** to guide you through the Training.

The Safety Training consists of 5 Parts covering the following important Topics:

- **Session 1** - Be Prepared
- **Session 2** - Where Do We Work
- **Session 3** - Our Work Shifts
- **Session 4** - Safety FIRST
- **Session 5** - General Work Info

Each Session is presented as a YouTube Video and **MUST BE viewed through the AEB Website** with the assistance of the AI Safety Trainer to enable the Quiz at the end of each session that you must take to pass your Safety Training.

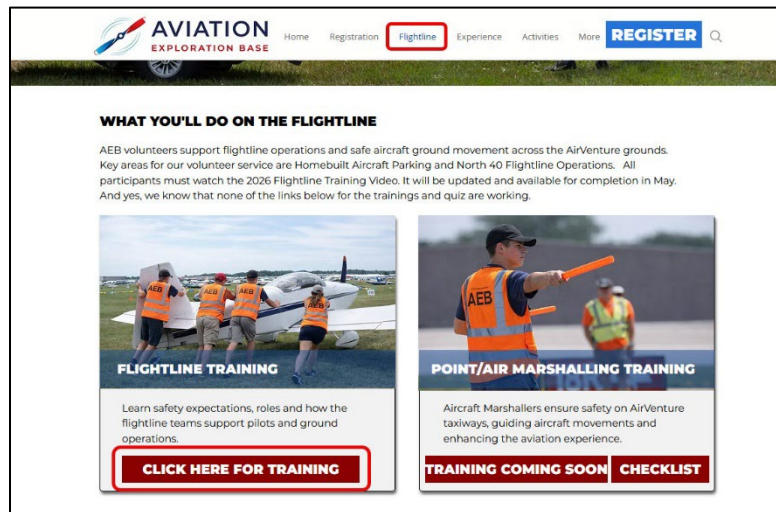

Use the steps outlined on the following pages to walk you through the procedure to complete your Safety Training.

Starting your Training

To start your Safety Training Session, go to the AEB Website and click on the **Flightline Tab** at the top of the Website Menu (as shown highlighted in RED on the right). This will show you the following screen.

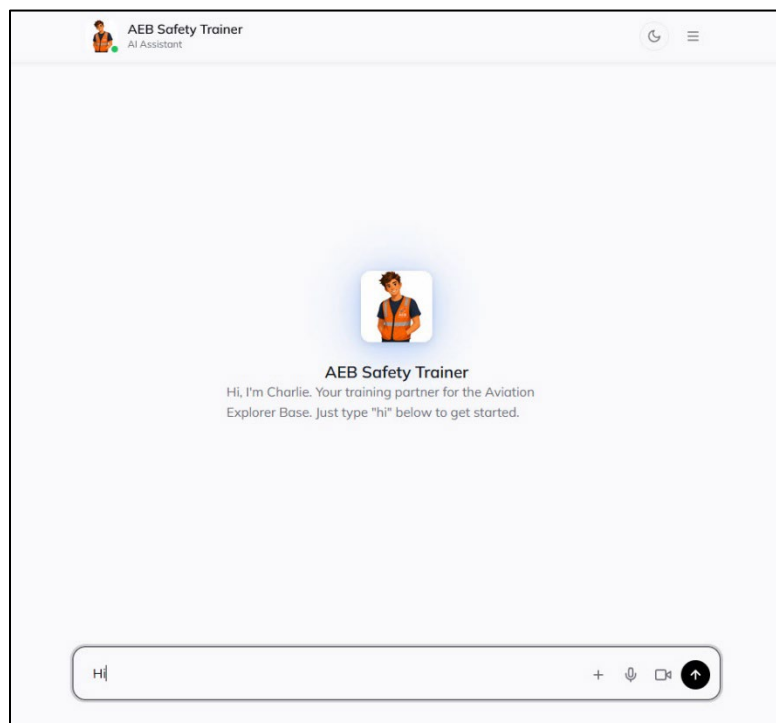

Once you are here, click on the **[CLICK HERE FOR TRAINING]** Button under the Flightline Training Section to begin your Session.

<https://www.aviationexplorationbase.org/flightline>

This will launch your Session with **Charlie**, your AI Safety Trainer.

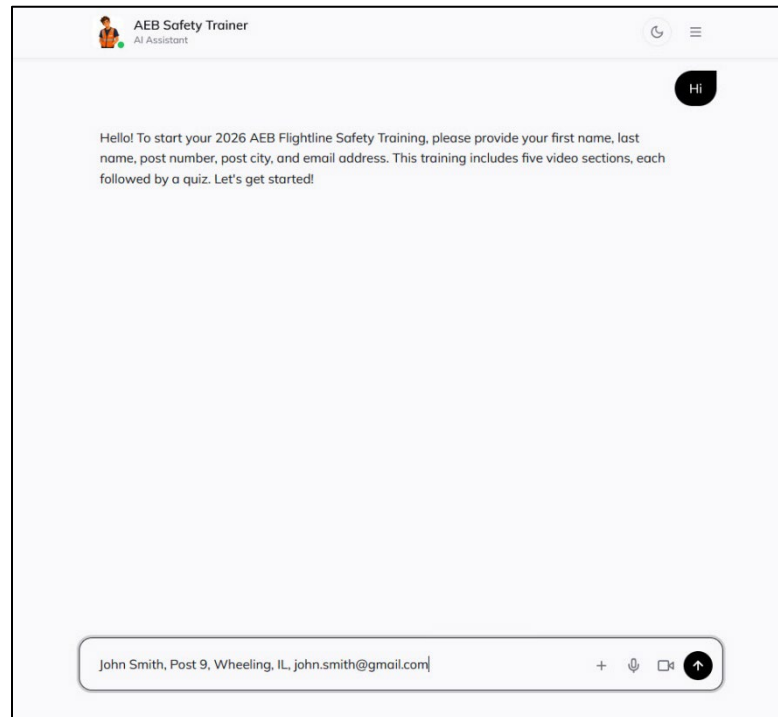

In order to get started you will have to say **"Hi"** to Charlie in the box at the bottom of the screen.

Next, Charlie will ask you for some information to identify you, and to make sure that your Quiz answers get recorded for you on the AEB Website.

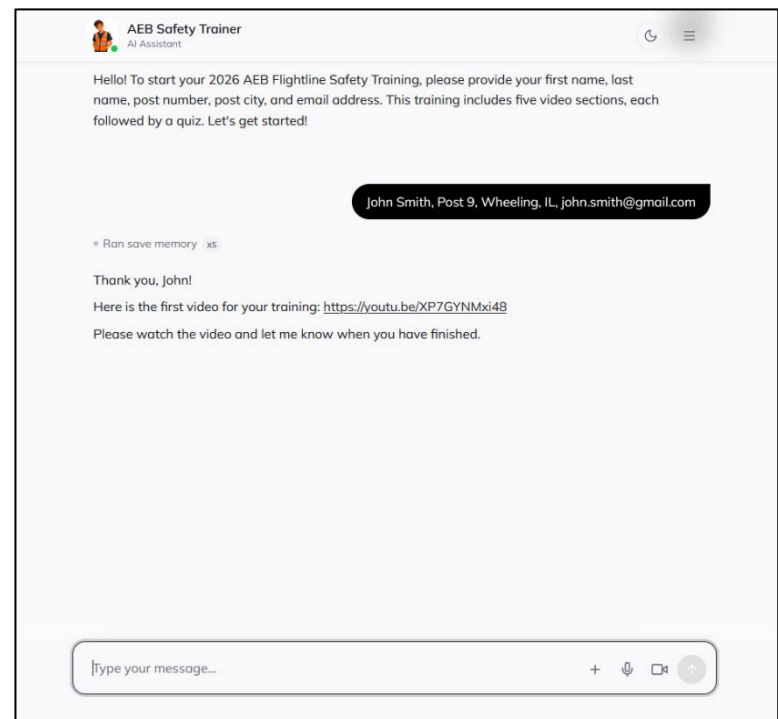

Enter the following information at the Bottom of the screen:

- Your Full Name
- Your Post Number
- Your Post City, ST
- Your E-Mail Address

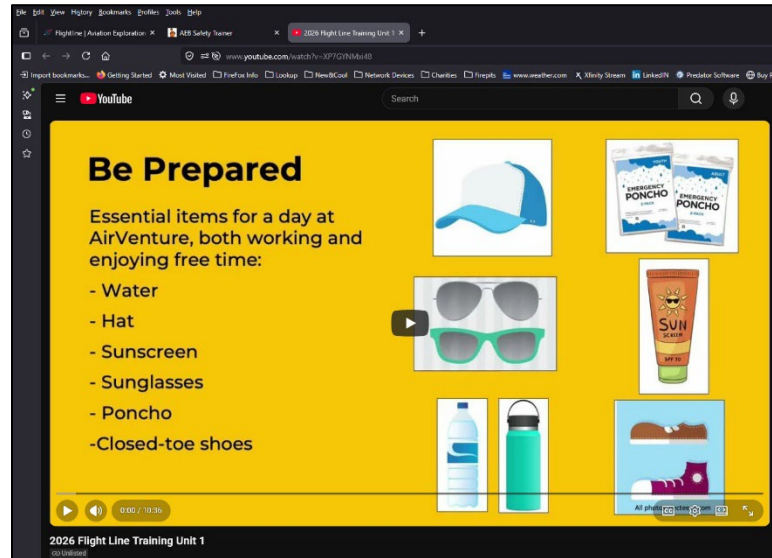

Once you have entered your information, Charlie will begin your Training Session and prompt you to click on the Link to the first Video Session shown in the screen shot to the right.

[NOTE: Do not close your Web Browser. The Training Videos should all open in new Windows in your Browser and allow you to go back and forth between these screens during your Training Session.]

After you have clicked on the Link to start the first Video Session, you will see the YouTube Video open in a new Window in your Browser. Watch the full video, paying close attention to the details as you will be asked questions about this information at the end.

Once the video ends, **return back to the open Session with Charlie** and type the word **“DONE”** in the box at the bottom of the screen. Charlie will now prompt you with a number of questions about the information you just saw.

Answer these questions to the best of your ability. If you do not know the answer, you can enter a **“?”** and Charlie will give you additional info to try and help you come up with the correct answer.

After you have answered all of the questions for this Session, you will be given the Prompt for the next Session’s Video. Repeat this process until you have completed all 5 Sessions and their quizzes. At that point, Charlie will let you know that you have completed the training and you can close out of the Session.

Session Review

If you wish to revisit any of the 5 Safety Training Sessions, here are the YouTube Links where you can watch them again. **DO NOT use these links below to take your initial training** as you will not be presented with the Quizzes and you will not get any credit for taking the Safety Training this way.

The 5 Safety Videos

- **Session 1** - Be Prepared (<https://www.youtube.com/watch?v=XP7GYNMxi48>)
- **Session 2** - Where Do We Work (<https://www.youtube.com/watch?v=6fZdTTNqRJ0>)
- **Session 3** - Our Work Shifts (https://www.youtube.com/watch?v=UWt_al3kgo4)
- **Session 4** - Safety FIRST (<https://www.youtube.com/watch?v=0jq5uFFWPOw>)
- **Session 5** - General Work Info (<https://www.youtube.com/watch?v=5JluqzDI0I4>)
