If you have trouble registering please restart your browser and/or clear your browsers cache to get the most up to date information. If you have trouble with registration, email CampDoc, support@campdoc.com, or call them at 734-619-8300 x2.

Already registered?

Please double check your profile. We had a report of someone's information disappearing after they registered. When you log in, click on 'Registration' and look for this year's session listed under 'Upcoming Registrations.' (Example below.)

Registration

Registrations for Maria are listed below. You may select a registration to view additional details, including camp contact information. You may also select additional add-ons.

Upcoming Registrations

2023 • Staff Adult

Jul 22, 2023

REGISTER FOR

Wanted!

Are you over 21? Do you like to drive a tractor or just hang out in the shade? We are looking for a few safety minded souls to help drive and ride tail-end shotgun on the tram. You can still participate in other camp experiences, but if you qualify and would be willing to pick up a shift driving or riding, please let us know. Contact Katie Clark at KClark@AviationExplorationBase.org and we'll get you all set for fun and adventure. (or at least a shift on the tram...)

"When once you have tasted flight, you will forever walk the earth with your eyes turned skyward, for there you have been, and there you will always long to return."

– Leonardo DaVinci

23 DAYS AND COUNTING...

Packing List:

1. Sunscreen and sun glasses
2. Clothes for warm and cold weather
3. Inhaler if you have one due to poor air quality
4. Hat for KP duties as you will be required to wear a hat or hair net in the kitchen. (And NO ONE looks good in a hair net!)
5. Toiletries for shower and hygiene needs

What NOT to bring: • Leave expensive items at home as the Aviation Exploration Base is not responsible for lost or stolen items • Expensive jewelry • Fireworks and sparklers • Bikes, scooters, skateboards, roller shoes, pets and laser pointers

[See the full packing list including prohibited items](#)

We won't be breathing easy...:

A few weeks ago it was New York, but as of the publication date of this newsletter, Wisconsin is rated as having the worst air quality in the country.

Nearly 500 Canadian wildfires are still burning and more than 250 of them are rated as being out of control. With Canada having the worst wildfire season in the past 23 years, we are expecting worse air quality than normal for AirVenture.

We ask that anyone with lung or breathing problems take extra precautions as they prepare for this years camp experience.

Take your allergy meds, pack an extra inhaler. Think ahead and prepare so we can all have a great year at the Aviation Exploration Base.
