

Policies

Review with all members of your group.

I. Smoking

The Aviation Exploration Base is a smoke free area. Youth members are prohibited from smoking at all times per the Aviation Exploration Base and national Boy Scouts of America's policy. Adults who wish to smoke may do so off the Aviation Exploration Base grounds, but are subject to the policies of the Experimental Aircraft Association.

II. Drugs and Alcohol

The Aviation Exploration Base prohibits the use of alcoholic beverages and controlled substances by all registered camp members, including adults. The taking of prescription medication is the responsibility of the individual taking the medication. Prescription medication taken by a camp member must be noted on the medical form turned in at the time of registration. Refrigeration will be provided for medication that requires temperature control.

III. Bicycles, Inline Skates, Pets and Skateboards

Due to the large amount of pedestrian and vehicular traffic, the use of bicycles, inline skates and skateboards are a hazard. The EAA prohibits pets and use of these items previously listed on the convention grounds and flight line. Therefore, it is the policy of the Aviation Exploration Base to not allow camp members to bring pets or these items. While fidget spinners are allowed in camp they are prohibited while on duty in the kitchen, flight line or other assigned work area.

IV. Leaving the Convention Grounds

Youth members are not allowed off the convention grounds at anytime. If an advisor must leave the convention grounds, we request that they check in with a staff member with a destination and an estimated return time. One advisor from the post must remain on the convention grounds at all times.

V. Curfew and Quiet Time

Quiet time is at 10:00 p.m. This is the time that all Explorers and Advisors are expected to be in camp and quiet. This means no loud music or loud talking after this time. The curfew for all Explorers and Advisors to be in camp is 10:30 p.m. Be in your own personal tent or RV and lights out by 11:00 p.m. These curfews are in place because the Aviation Exploration Base recognizes the need for all camp members to get adequate rest to work effectively and safely at the convention each day.

VII. Visitors

Family members of registered campers are welcome and encouraged to visit the camp. Other visitors are allowed, however, the Aviation Exploration Base reserves the right to ask any visitor to leave if their behavior warrants it. Visitors must check in at the camp office to receive a pass to be in camp and be escorted by the camp member who invited them and must leave the base campground before curfew. Any non-family visitors are restricted to the main tent. All visitors are expected to follow the base camp policies.

AEB Policies - Page 2

VIII. Scheduling

All camp members will be scheduled to work at various positions throughout the convention grounds and/or camp. They are required to review the posted schedules and report to their assignments on time. Anyone who does not show up for a shift or doesn't arrive on time will be reported to the camp staff by their Flight Team Leader. Any questions/conflicts with the schedule should be brought to the attention of the camp staff member responsible for scheduling.

IX. Riding the TRAM

All camp members may ride the TRAM as long as they ride safely. Usage is a privilege, not a requirement. Do not use the TRAM for Area 51 or P1 rope positions that are within easy walking distance. No one should get on or get off of the TRAM unless it is stopped. Failure to do so will result in being banned from using the TRAM until further notice.

X. Golf Cart Usage

All golf cart drivers must be over 18 years of age, have a valid driver's license and be conducting official camp business in order to check out a golf cart. All carts must be checked out in the office and returned as soon as the camp business you are conducting has been completed. Be mindful of the shift change schedule for plane counters and point workers in checking out golf carts.

Advisors are responsible for enforcing the policies and the curfew rules as well as disciplinary actions for offenders. The Camp Staff suggests that curfew offenders should be given two chances. After missing curfew the second time we suggest that the offending party be confined to the camp for the following day and evening (except for work) or that they be sent home at their parent's expense.

Quiet time throughout the camp at 10:00 p.m.

Curfew in camp by 10:30 p.m.

In personal tent or RV at 11:00 p.m.
